E-mail for general questions: [nursing@domail.maricopa.edu](mailto:nursing@domail.maricopa.edu)

The Maricopa Community Colleges reserve the right to change materials, information, curriculum, requirements, and regulations in this publication.

### **I. MaricopaNursing Program Information**

Nursing programs are available at eight of the Maricopa Community Colleges which comprise the MaricopaNursing consortium. Clinical experiences are provided in a variety of settings. Completion of the nursing courses and general education degree requirements and subsequent posting of the degree provides eligibility for students to apply for licensure as registered nurses. Licensing requirements are the exclusive responsibility of the State Boards of Nursing.

MaricopaNursing programs are approved by the Arizona State Board of Nursing (AZBN), 1740 W Adams Street, Suite 2000, Phoenix, AZ 85007, Phone: 602.771.7800 and accredited by the Accreditation Commission for Education in Nursing (ACEN), 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326, Phone: 404.975.5000.

### **II. Occupational Information**

Graduates receiving an Associate in Applied Science in Nursing degree are eligible to apply for licensure as a Registered Nurse (RN). Completing the MaricopaNursing program does not guarantee licensure. The RN is educated as a generalist who delivers health care to clients and family groups and has competencies related to the art and science of nursing. RNs may be employed in a variety of acute, long-term, and community-based health care settings. They practice within their scope and follow professional standards when caring for clients and families across the life span. The degree provides the graduate with a foundation for articulation into the University setting.

### **III. Eligibility for Licensure**

Students completing graduation requirements for the Associate in Applied Science degree in Nursing are eligible to apply for licensure as registered nurses through the AZBN. Licensing fees and requirements are determined by and are the sole responsibility of the AZBN. Approximate cost of application fees, testing fees, and fingerprinting is \$550.00.

**Felony Bar:** If a person has been convicted of a felony, the person is not eligible to apply for licensure or certification with the Arizona State Board of Nursing until 3 years after the “absolute discharge” of the sentence. “Absolute discharge from the sentence” means completion of any sentence, including imprisonment, probation, parole, community supervision or any form of court supervision. This also includes payment of all restitution, fines, fees, etc. If the conviction is reduced to a misdemeanor, or set aside, dismissed, etc., the 3-year bar may no longer be applicable, but the Board may still consider the conduct involved, and the person’s application will be considered on a “case by case” basis.

Applicants for licensure in Arizona must provide evidence of citizenship or nationality. Licensing fees and requirements are determined by and are the sole responsibility of the State Boards of Nursing. For all questions about eligibility for licensure, contact the Arizona State Board of Nursing <http://www.azbn.gov> or 602-771-7800.

### **IV. MaricopaNursing Program Options**

A detailed and current list of all program options and program partnerships with special admission processes is available at <http://nursing.maricopa.edu/pdfdocs/ProgramOptions.pdf>. For all options, student schedules must be flexible to accommodate the required days and hours of the clinical rotations at health care agencies. Clinical experiences may occur during the day, evening, or night hours, on weekends, and may include 8, 10, and/or 12- hour shifts. Weekend shifts are not guaranteed for evening or alternative schedule options.

- a. **Four Semester Traditional Option-** Classes are offered primarily during daytime hours during traditional Fall and Spring semesters for two years (four semesters).
- b. **Full-time Evening/Alternative Schedule Options-** Classes in the evenings generally begin after 5:00 p.m. and clinical assignments may include a Friday, Saturday, and/or Sunday clinical. The Glendale Community College Weekend cohort and the GateWay Community College Full-time Evening Program make every effort to schedule clinical experiences on Fridays, Saturdays and/or Sundays. Clinical schedules are not guaranteed and weekday clinicals may be required.
- c. **Accelerated Degree Option-** Classes are offered primarily during daytime class hours and one Block will be required during the summer months (16-18 months total).

**Concurrent Enrollment Programs (CEP)** - CEP Associate-Baccalaureate partnerships are offered at all MaricopaNursing program sites. These programs are designed for qualified students interested in earning their Bachelor's of Science in Nursing (BSN) degree while pursuing their Associate of Applied Science (AAS) in Nursing degree. Please check with your college advisor to see which universities offer a concurrent enrollment option for advanced placement students.

**Cost Estimate for MaricopaNursing Programs\***

Tuition (up to 74 credits x \$85.00; Maricopa County Resident)	\$6,290.00
Course Fees Estimate	925.00
Textbook & Electronic Resources Estimate	1,200.00
Fingerprint Clearance Card	70.00
Background Check, Drug Screen	150.00
Clinical placement registration	50.00
Uniform and Clinical Supplies	200.00
Immunizations/Health Requirements	300.00
Health document tracking	35.00

**Total Estimated Cost of the MaricopaNursing Program** **\$ 9,220.00**

\*Cost estimate is for the total number of credits for the nursing courses in all 4 Blocks as well as pre and co-requisite courses. Total credits will depend upon the Block of placement. Fees are subject to change by the Governing Board of the Maricopa County Community College District.

**Requirements for Admission**

1. **Enrollment:** Students who have not previously attended a Maricopa Community College should follow the online [Enrollment Steps](#). You will need to create a MEID account, apply for admission to any Maricopa college, and submit proof of identification and residency. Once these steps are complete and your identification has been verified, access to Maricopa student tools and resources is available.
2. **Advisement:** Following review of the Information and Application Packet, applicants seeking advanced placement admission must meet with an Advisor/Admissions Officer at the college of first choice for advisement to complete the application process. A mandatory orientation session may be required prior to making an individual appointment with a nursing advisor; please check with your preferred campus for specific information, as some colleges do not require the information session for advanced placement.
3. **High school graduation or GED:** is required for the Associate in Applied Science degree in nursing. Applicants must attest they meet this requirement by signing the statement of high school graduation or noting high school graduation on the advanced placement application.

- 4. Transcripts:** All official college/university transcripts should be sent to the Admissions Office at the **college of first choice** for evaluation. Pre-and co-requisite courses will be evaluated by a Maricopa Community College advisor/admission officer to determine transferability.

Applicants may be required to pay for credit by evaluation, which could be the equivalent cost of the credits for portions of the program. Students will be notified by the Nursing Director or advisor if this is necessary.

- 5. Level One DPS Fingerprint Clearance Card:** A current Level One DPS Fingerprint Clearance Card (FCC) is required for application to MaricopaNursing. See application website for information: <http://fieldprinterizona.com/>. Allow up to 8 weeks to receive the FCC.
- 6. HESI Admission Assessment (HESI A2)\*\*:** All students applying to MaricopaNursing must show evidence of passing HESI A2 scores. Both components (English composite and math) must be taken (or retaken) at the same time; individual components will not be combined from different dates or different locations. If a student is caught cheating on the HESI A2 examination, the scores will be posted as “0” and the student will be required to wait one year before submitting a new application meeting all current criteria.

A score of 80% or higher in the English language composite score and a 75% or higher in math must be achieved to apply to MaricopaNursing. The cost of the HESI A2 is approximately \$45.00. The HESI A2 Study Guide is available in select college bookstores and libraries to assist in exam preparation. If unable to achieve the minimum score, remediation is advised before repeating the test. Applicants may retest after a 60-day period for a maximum of 3 times per 12-month period. Scores from students who retake prior to the 60 day wait period will not be accepted. Students must wait 60 days from their last attempt to retest. Additional HESI A2 information is available on the MaricopaNursing website under “Prospective Students”.

- 7. Background Check/Drug Screen/Infractions:** All Maricopa Community College healthcare students are required to complete a criminal background check and urine drug screen during the registration process. Enrollment is contingent upon receiving passing results from the background check and drug screen. Students will receive specific instructions on completing the background check and urine drug screen at some point during the orientation process. Students are required to complete the urine drug screening procedure within the specified timeframe and according to directions given at the time of notification. Drug screen results obtained outside of this process will not be accepted.

Maricopa Community Colleges prohibit the possession and use of marijuana on all campuses and in all off campus student activities, including internships and clinical learning experiences in health programs. This policy is dictated by Arizona Revised Statutes § 15-108, which prohibits any person, including a medical marijuana cardholder, from possessing or using marijuana on the campus of any public university, college, community college or post-secondary education institution. Federal legislation prohibits any institution of higher education that receives federal funding from allowing the possession and use of marijuana. Additional information regarding Maricopa Community Colleges drug screening and medical marijuana policies is available at <https://www.maricopa.edu/academics/healthcare/requirements>

Once admitted, students have a duty to report to the Program Director any arrests, convictions, placement on exclusion databases, suspension, removal of the DPS FCC or removal/discipline imposed on any professional license or certificate at any time during enrollment in a Program. A student has 5 business days to report any of these infractions. Arrests, convictions, placement on exclusion databases, suspension or

removal of DPS FCC, or removal or discipline imposed on any professional license or certificate may result in withdrawal and/or expulsion from the program related to inability to meet program requirements due to loss of eligibility to participate in clinical experiences.

*\*General requirements only; see Admission Requirements by Classification to determine requirements needed according to individual circumstances*

*\*\* HESI score requirements subject to change.*

### 8. General Education Course Requirements (Minimum grade required is a “C” or 2.0):

General Education Prerequisites	ACCEPTANCE	BLOCK 1	BLOCK 2	BLOCK 3	BLOCK 4
MAT140, 141, or 142 College Math 3-5 Credits		NUR152	NUR172	NUR252	NUR283
BIO156/181 or 1 yr. HS BIO Biology 201 0-4 Credits		Nursing Theory & Science I  9 Credits	Nursing Theory & Science II  9 Credits	Nursing Theory & Science III  9 Credits	Nursing Theory & Science IV  9 Credits
CHM130/130LL or 1 yr. HS CHM Chemistry 0-4 Credits		<b>CO-REQUISITE COURSES</b>			
ENG 101 or 107 First Year Composition 3 Credits		BIO202 Human Anatomy & Physiology II (Recommended Pre- req to NUR172)  4 Credits	PSY101 Introduction to Psychology (Recommended Pre-req to NUR252) 3 Credits	BIO205 Microbiology (Recommended Pre- req to NUR283)  4 Credits	HUM--- Humanities Elective  2 Credits
			CRE101 (Recommended Pre-req) Critical Reading 0-3 Credits		ENG102 or 108 First Year Composition 3 Credits
		TOTAL 13 Credits	TOTAL 12-15 Credits	TOTAL 13 Credits	TOTAL 14 Credits
<b>Prerequisite Credits = 10-20</b>	<b>Total Nursing Core Credits = 36</b> <b>General Education Co-requisite Credits = 16-19</b> <b>Total Credits for AAS in Nursing Degree = 62-75</b>				

### 9. Clinical placement database(s) registration and Certified Profile document management

There is a student charge for all MaricopaNursing and Allied Health students to register in the clinical placement database, myClinicalExchange (mCE) and to upload health and safety documents to Certified Profile. There is a fee charged for all students and directions for registration and document uploading will be provided during the orientation to the semester.

## Application Process

### 1. Where to Apply:

Submit the MaricopaNursing Application with the required documentation of admission requirements to the **college of first choice** to the nursing program advisor. Only one application is accepted.

### 2. How to Apply:

- Copy your complete application before submitting the application to the college of first choice. Additional information is available on the web site: [www.nursing.maricopa.edu](http://www.nursing.maricopa.edu) under FAQs (Frequently Asked Questions).
- **Complete Application:** When all admission requirements have been met and the Advisor/Admissions Officer deems the application complete, the application is accepted. If criteria are missing, the student will be notified. Pending or incomplete applications are not accepted.

#### Requirements for a Complete Application – student is required to provide all copies

- HESI A2 Entrance Exam - official evidence of required scores within 24 months of application
- Level One Fingerprint Clearance Card - current card – advisor verify and copy the front of card
- Signed statement of High School graduation or GED or official high school transcripts
- Grade of “C” or better for the Pre-requisites and official transcripts on file at the college of first choice.

### 3. When to Apply:

- MaricopaNursing accepts completed applications only; no provisional or incomplete applications are accepted. Applications that meet all admission requirements are accepted at any time during regular campus business hours at any of the colleges providing a MaricopaNursing Program.

### 4. Notification of Admission Status:

- Once your application is accepted, the advisor/admission officer will enter your application into the placement data base.
- Program options change each semester. Applicants will be asked to update their selections each semester. Select only the choices you are willing to accept. Normally, only one deferral is permitted. For extenuating circumstances, please notify the nursing hotline and the MaricopaNursing Administrator will make a determination for a second deferral.
- In all options, student schedules must be flexible to accommodate the required days and hours of the clinical rotations at health care agencies. Clinical experiences may occur during day, evening, or night hours and may be scheduled on weekends. Clinical days are **NOT** guaranteed and a weekend only or a weekday only clinical rotation is not always possible even in the evening or weekend programs due to clinical site requirements. Please note the evening program option at GWCC and the weekend and evening programs at GCC are scheduled during evenings and/or weekends, including Friday, Saturday, and/or Sunday **whenever possible**. Evening program classes are usually scheduled for 2 – 3 evenings per week, approximately 5:00 – 10:00 PM.

- Applicants accepting placement will receive an email admission letter and information from the college prior to the start of the semester. The admission information will contain the dates of the nursing student orientation, registration information, and directions on completing the required program requirements such as Certified Profile and other items as designated by the college. It is the student's responsibility to make certain the college has a current email on file as most correspondence is sent electronically.
- Please note that you must be able to meet all Health and Safety requirements prior to beginning courses in the MaricopaNursing Program. All students must provide documentation of compliance with all health and safety requirements essential to protect patient safety. Students are required to have current Health and Safety documents to maintain enrollment in the program. All documents will need to be uploaded to Certified Background immunization and documentation tracking system. Instructions will be provided and the cost is \$25 (subject to change) per student. Questions about these documents should be directed to the individual colleges. If there are questions regarding medical or religious variances, please contact the MaricopaNursing Administrator and be prepared to provide written documentation for any variance.

#### 5. Deferring Placement:

- Applicants are placed in open positions according to their date and time stamp and choices. Once placed, the applicant receives an email and will have 10 business days to respond and accept or defer to the next semester. After the 10 day return period, the placement offer expires and the application is withdrawn from the database. Applicants receiving placement within two (2) weeks before the start of a semester must respond within 48 hours to secure their placement status via e-mail or phone.
- Applicants may defer placement. In most instances the deferral option is only valid one time and only before a placement is accepted. Once the deferral is made, the applicant forfeits additional placements until the next semester. If the applicant chooses not to attend the nursing program after placement is accepted, the applicant may not be eligible for deferral and the application may be withdrawn.

### Information for Applicants

- **ZERO TOLERANCE POLICY:** All programs within MaricopaNursing supports a Zero Tolerance Policy for the following behaviors:
  - Intentionally or recklessly causing physical harm to any person on the campus or at a clinical site, or intentionally or recklessly causing reasonable apprehension of such harm.
  - Unauthorized use or possession of any weapon or explosive device on the campus or at a clinical site.
  - Unauthorized use, distribution, or possession for purposes of distribution of alcohol or any controlled substance or illegal drug on the campus or at a clinical site.

Nursing students engaging in this misconduct are subject to immediate dismissal from nursing classes and disciplinary action as described in the Student Handbook of the college.

- **HEALTH DECLARATION:** It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients' lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior

to making application. **All must provide documentation of compliance with all health and safety requirements required to protect patient safety.** Only students in compliance are permitted to enroll in nursing courses. Students will meet these requirements by providing the required documentation for the Health/Safety Requirements Documentation Checklist and the signed Health Declaration Form.

- **DRUG SCREENING:** All students are required to complete the urine drug screening procedure under the program account number, within the specified timeframe, and according to directions given at the time of notification. Only students in compliance with the screening guidelines, as reported by the Medical Review Officer (MRO), will be permitted to continue their enrollment in nursing courses.\*\*
- **DUTY TO REPORT:** All students enrolled in nursing courses holding or receiving a certificate as a Nursing Assisting and/or license as a Practical Nurse must remain in good standing with the Board of Nursing. Students with certification and/or licensure from allied health regulatory boards are included under this provision. Students receiving any disciplinary actions against their certificate or license must notify the Nursing Director within five (5) school days. The Nursing Director reserves the right to restrict the student's participation in clinical experiences and involvement in patient care until the certificate and/or license is valid and unrestricted and terms of the action are met and the action dismissed.
- **BACKGROUND CLEARANCES:** The Fingerprint Clearance Card must be a Level One and must remain current and valid throughout enrollment in the program. All nursing students must undergo a background check as directed by the college. Any student who becomes sanctioned or has his or her FCC revoked while enrolled in the program will not be permitted to continue in nursing courses.

A Background Check is required for all nursing students who seek to begin MaricopaNursing or other campus healthcare programs on or after September 1, 2011. This is the date the updated background check standards became effective. Additionally, students who have been admitted to a MCCCCD healthcare program or who are currently enrolled will be required to sign a MCCCCD Criminal Background Check Disclosure Acknowledgement form. In order for MCCCCD students to be able to complete clinical experiences at local hospitals, students must meet these standards. **A student may be dismissed from the program and may receive a failing grade in the course based on the inability to place the student in a clinical facility.**

This Application Packet prescribes admission and readmission requirements and standards of conduct for students enrolled in MaricopaNursing. The standards are in addition to those detailed under MCCCCD policies and Administrative regulations. Violation of any such standard may serve as grounds for non-admission to a program or other discipline, program suspension or dismissal. MaricopaNursing programs reserve the right to make program changes as needed, and to change without previous notice any information requirements and regulations published in this document.

- **WAIVER OF LICENSURE/CERTIFICATION GUARANTEE:** Admission or graduation from the Nursing Program does not guarantee obtaining a license to practice nursing. Licensure and subsequent procedures are the exclusive right and responsibility of the State Boards of Nursing. Students must satisfy the requirements of the Nurse Practice Act: Statutes, Rules and Regulations, independently of any college or school requirements for graduation. Pursuant to A.R.S. § 32-1606(B)(17), an applicant for professional or practical nurse license by examination is not eligible for licensure if the applicant has any felony convictions and has not received an absolute discharge from the sentences for all felony convictions. The absolute discharge must be received five or more years before submitting this application. If you cannot prove that the absolute discharge date is five or more years, the Board cannot consider your application. All nurse applicants for licensure will be fingerprinted to permit the Department of Public Safety to obtain state and federal criminal history information. The Fingerprint Clearance Card

required for application to the nursing program will not meet the requirements for certification or licensure through the State Board of Nursing. Effective January 1, 2008, applicants for licensure in Arizona must provide evidence of citizenship or nationality. If there are any questions about eligibility for licensure and the documents required showing eligibility to apply for licensure, contact the Arizona State Board of Nursing <http://www.azbn.gov> or 602-771-7800.

*\*\* With exception of Nicotine, a drug screen must be negative for all identified substances. Nicotine testing is currently a required component of the drug screening panel. Some specific healthcare agencies that host the MaricopaNursing students require a negative nicotine screen in order to participate in clinical experiences. If a screen is positive for nicotine as determined by the MRO, continuation in the Nursing Program is based on the availability of alternative sites and the ability to reassign the student to another facility that does not restrict nicotine.*

**Essential Functional Abilities for Nursing Faculty and Students**

MaricopaNursing students must be able to meet essential functional abilities in order to maintain enrollment in a nursing program. MCCCCD health programs are committed to nondiscriminatory practices and do not discriminate against qualified applicants with a documented disability. If a student believes that he/she cannot meet the essential functional abilities without accommodations, the nursing program must determine, on an individual basis, whether accommodation can be made. The ultimate determination regarding reasonable accommodations will be made by the Nursing Department, in conjunction with Disability Resources.

<b>Essential Functional Abilities</b>	<b>Standard</b>	<b>Examples of Required Activities</b>
Character	<p>Demonstrate integrity, accountability, responsibility, empathy, truthfulness, and care for others.</p> <p>Demonstrate emotional intelligence necessary to recognize and understand emotions of self and others.</p> <p>Demonstrate adherence to ANA Code of Ethics for Nurses</p>	<p>Relates to others with respect, honesty, civility, integrity, and nondiscrimination.</p> <p>Capacity to demonstrate ethical behavior, including adherence to the professional nursing and student honor codes.</p> <p>Takes responsibility and accountability for own actions.</p> <p>Recognition of and respect for diversity.</p>
Motor Abilities	<p>Mobility, dexterity, strength, and endurance sufficient to provide safe patient care.</p>	<p>Assist with procedures, treatments, and other patient care activities to provide safe, effective patient care such as assisting with ambulation, and turning/lifting clients, and administering lifesaving measures.</p> <p>Practice in a safe manner to provide appropriate patient care with procedures, treatments, and medication administration.</p>
Perceptual/ Sensory Abilities	<p>Ability to see, hear, touch, smell, and distinguish colors.</p> <p>Visual, auditory, tactile, and olfactory abilities required to assess patients, equipment, and the environment.</p>	<p>Ability to hear alarms, auscultatory sounds, and communicate effectively with others.</p> <p>Visual acuity to read fine print, assess color variations, understand verbal and nonverbal communication.</p> <p>Tactile ability to discern pulsations, temperature, shapes, and other physical characteristics.</p> <p>Ability to detect environmental and patient odors.</p>

<p>Interpersonal Relationships; Emotional Stability</p>	<p>Capacity for development of effective therapeutic relationships.</p> <p>Ability to interact therapeutically with individuals from diverse social, emotional, cultural and intellectual backgrounds.</p> <p>Ability to work effectively in stressful and changing environments.</p> <p>Ability to accept constructive feedback and to modify behavior accordingly.</p>	<p>Establish and maintain rapport with patients/clients, colleagues and others.</p> <p>Ability to remain calm in stressful situations, including emergencies.</p> <p>Adapts rapidly to environmental changes and multiple task demands.</p> <p>Maintains professional behaviors at all times, including stressful situations.</p>
<p>Communication</p>	<p>Effectively and accurately reads, writes, and communicates in English.</p> <p>Accurately elicits, records, and protects patient information.</p> <p>Accurately interprets non-verbal communication, including facial expressions, affect and body language.</p> <p>Demonstrates computer literacy.</p> <p>Communicates professionally and civilly with patients, families, and others.</p>	<p>Gives verbal directions to or follows verbal directions from members of the healthcare team</p> <p>Conveys information to clients and others to teach, direct and counsel individuals in an accurate, effective, sensitive, and timely manner.</p> <p>Recognizes and reports critical patient information to appropriate individuals.</p>
<p>Cognitive Abilities</p>	<p>Ability to use critical thinking and clinical judgment to acquire, interpret, and use information.</p> <p>Able to solve problems involving measurement, calculation, reasoning, analysis and synthesis.</p> <p>Ability to gather data, to develop a plan of action, establish priorities and monitor and evaluate treatment plans and modalities.</p> <p>Ability to react efficiently in an emergency situation.</p>	<p>Calculates appropriate medication dosage given specific patient parameters.</p> <p>Analyze and synthesize data to develop an appropriate plan of care.</p> <p>Collects data, prioritize needs and anticipate reactions.</p> <p>Recognizes and responds appropriately in emergency situations to safeguard the patient and others.</p>
<p>Environment</p>	<p>Recognize the personal and patient risk for exposure to communicable disease and other health hazards.</p> <p>Safely use equipment in laboratory or clinical settings needed to provide patient care.</p> <p>Utilize personal protective equipment.</p>	<p>Takes appropriate precautions for possible exposures such as communicable disease, blood borne pathogens, and latex.</p> <p>Uses personal protective equipment (PPE) as indicated.</p>

**PLEASE DO NOT SUBMIT PAGES 11 - 15 WITH APPLICATION. THESE PAGES ARE FOR INFORMATION ONLY.**

***Below are the current Health & Safety Requirements for your review recognizing that some requirements may change prior to placement. It is not necessary to complete all requirements prior to making application to the program. However, requirements must be fully met after being placed and prior to the first course.***

**Documentation must be uploaded (copies of lab reports, immunization records, CPR card, etc.) as indicated for each of the following to be in compliance with MaricopaNursing requirements. Fingerprint clearance card, CPR certification and TB skin test must be current through the semester of enrollment. See “Explanation of Requirements” for specific detail.**

- A. MMR (Measles/Rubeola, Mumps and Rubella):** Requires documented proof of a positive IgG MMR titer or documented proof of one MMR series.

Date & results of IgG titer: Measles/Rubeola: \_\_\_\_\_ Mumps: \_\_\_\_\_ Rubella: \_\_\_\_\_

If unable to provide proof of positive titer, list immunizations and dates received:

MMR Series/Dates: #1 \_\_\_\_\_ #2 \_\_\_\_\_

- B. Varicella (Chickenpox):** Requires documented proof of positive IgG titer or documented proof of one Varicella series.

Date of IgG titer: \_\_\_\_\_

If unable to provide proof of positive titer, list all varicella immunizations and dates received:

#1 \_\_\_\_\_ #2 \_\_\_\_\_

- C. Tetanus/Diphtheria/Pertussis (Tdap):** One-time dose of Tdap, followed by a Td booster every 10 years.

Tdap Date: \_\_\_\_\_ Td: \_\_\_\_\_

- D. Tuberculosis:** Documentation of a tuberculin skin test (TST). For individuals who have never had a TB test, this consists of an initial TB skin test and a boosted TB skin test 1-3 weeks apart. After completion of the 2-step, an annual update of TB skin test is sufficient. If you have a positive skin test, provide documentation of a QuantiFERON test or negative chest X-ray within the last 2 years, and annual documentation of a TB disease-free status. **Most recent skin testing or blood test must have been completed within the previous six (6) months.**

**TB Skin Test:**

Initial Test (#1) Date: \_\_\_\_\_ AND Date of Reading: \_\_\_\_\_ Results: Negative **OR** Positive  
**AND**

Boosted Test (#2) Date: \_\_\_\_\_ Date of Reading: \_\_\_\_\_ Results: Negative **OR** Positive

**Annual Update:**

**OR** Chest x-ray Date: \_\_\_\_\_ Results: Negative **OR** Positive Date of Symptom Sheet: \_\_\_\_\_

QuantiFERON Test: Date: \_\_\_\_\_ Results: Negative **OR** Positive

**E. Hepatitis B:** Documented evidence of completed series or positive antibody titer. If you have not received any injections, do not get a titer. If you are beginning the series, first injection must be prior to admission, the second injection is 1 to 2 months after the first dose and the third injection is 4 to 6 months after the first dose. A Hepatitis B titer is recommended 1-2 months after dose #3 to confirm immunity.

Date Titer received: \_\_\_\_\_ Results: \_\_\_\_\_

Date of 1st injection: \_\_\_\_\_ Date of 2nd injection: \_\_\_\_\_ Date of 3<sup>rd</sup> injection: \_\_\_\_\_

**OR**

HBV Vaccination Declination Form Date: \_\_\_\_\_

**F. CPR Card (Healthcare Provider level):** An official **card** is required (online certificates are not accepted)

Date card issued: \_\_\_\_\_ Expiration Date: \_\_\_\_\_

**G. Level One Fingerprint Clearance Card:** Date card issued: \_\_\_\_\_ Expiration Date: \_\_\_\_\_

**H. Health Care Provider Form:** Reviewed and signed by a licensed health care provider (M.D., D.O., nurse practitioner, or physician's assistant) within the past six (6) months.

**I. Certified Background Clearance Document:** Passed Date: \_\_\_\_\_

**J. Flu Vaccine:** During flu season, students will be required to receive an annual flu vaccination. Details will be provided by the MaricopaNursing program you are attending.

**IMPORTANT:**

- All students placed in MaricopaNursing must provide documentation of compliance for the vaccinations and testing required to protect patient safety.
- Only students uploading/providing documentation of health and safety requirements are enrolled in nursing courses.
- The Nursing Department requires students to submit proof of health and safety documents for purposes of verification. Original documents will be retained by the student after submission to Certified Background.
- Students are responsible for maintaining their health and safety documentation and must submit documentation by due dates provided by Certified Background or the school. Failure to maintain program health and safety requirements may result in clinical warning, clinical probation, and/or withdrawal from the nursing program.
- All immunization records must include student name and the signature of healthcare provider.
- Health and safety requirements are subject to change depending on clinical agency requirements.

**EXPLANATION OF HEALTH AND SAFETY REQUIREMENTS**

**A. MMR (Measles/Rubeola, Mumps, & Rubella)**

Options to meet this requirement:

- a. Provide a copy of proof of positive IgG antibody titer for Measles/Rubeola, Mumps and Rubella or completion of one series of MMR immunizations. One “series” of immunizations includes immunization for each disease on separate dates at least 28 days apart.
- b. If you had all three illnesses OR you have received the vaccinations but have no documented proof, you can have an IgG MMR titer drawn. If the titer results are POSITIVE, attach a copy of the lab results to the health declaration form. If any of the titer results are NEGATIVE or EQUIVOCAL, you must get your first MMR vaccination and attach documentation to this health and safety documentation checklist. The second MMR must be completed after 28 days and proof submitted to the nursing department.

**B. Varicella (Chickenpox)**

Options to meet this requirement:

- a. Proof of a positive IgG titer for varicella.
- b. If the titer is NEGATIVE or EQUIVOCAL, attach a copy of proof to this health and safety documentation checklist that you received the first vaccination. Complete the second vaccination 30 days later and submit proof to Certified Background.

**C. Tetanus/Diphtheria/Pertussis (Tdap):**

Tdap = Tetanus / Diphtheria / Pertussis

Td = Tetanus / Diphtheria

You must provide proof of Tdap vaccination, followed by a Td booster every 10 years. Provide proof of a Tdap vaccination and Td if indicated.

**D. Tuberculosis (TB)**

All students entering the MaricopaNursing program are required to submit documentation of a negative tuberculosis status. Documentation may include a negative 1-step or 2-step Tuberculosis Skin Test (TST). If you have ever received a TST in the past, you are required to get a 1-step TST before beginning the nursing program. If you have never had a TST in the past, you are required to receive a 2-step TST. A TST is considered current if no more than 365 days have elapsed since the administration of the test. For a 2-step TST, the 365 day time interval starts the day the second test is administered. If you have ever had a positive TST, you must provide documentation of a negative QuantiFERON test or negative chest X-ray. Your most recent skin testing or blood test must have been completed within the previous six (6) months.

Documentation for TB skin testing requires date given, date read, result, and the name and signature of the healthcare provider.

If you have a positive TST, provide documentation of negative QuantiFERON blood test OR negative chest X-ray within the last 2 years and annual completion of a Tuberculosis Screening Questionnaire.

**E. Hepatitis B**

If you have not received the injections in the past, do not get a titer. You must obtain the first injection and attach a copy as requested. The second injection is given 1 to 2 months after the first dose and the third injection is 4 to 6 months after the first dose. Documentation required:

Submit a copy of proof of a positive HbsAb titer -OR-

Provide your immunization record, showing completion of the three Hepatitis B injections

If the series is in progress, attach a copy of the immunizations received to date. You must remain on schedule for the remaining immunizations and provide the additional documentation. One to two months after your last immunization, it is recommended that you have an HbsAb titer drawn.

**G. CPR Card:**

You must have a Healthcare Provider CPR card (Basic Life Support). CPR certification must include infant, child, and adult, 1 and 2-man rescuer, and evidence of a hands-on skills component. Attach a copy of both sides of the CPR card to this form. CPR certification must remain current through the semester of enrollment. A fully online CPR course will not be accepted.

**H. Level One Fingerprint Clearance Card:**

All students admitted MaricopaNursing are required to obtain a valid Level One Arizona Department of Public Safety Fingerprint Clearance Card (FCC). Applications are available from MaricopaNursing advisors or from MaricopaNursing District Office. Please email MaricopaNursing at [nursing@domail.maricopa.edu](mailto:nursing@domail.maricopa.edu) to request a packet by mail. The original Fingerprint Clearance Card (FCC) will need to be presented and validated prior to course registration. The FCC must remain current throughout the semester of enrollment.

If the FCC is suspended or revoked at any time during the nursing program, the student must report this to the Nursing Director within five (5) school days and will be unable to continue in the program until the FCC is reinstated. The student must be able to show his or her FCC during the clinical rotations upon request.

**I. Health Care Provider Signature Form:**

Must be completed and signed by a licensed physician (M.D., D.O.), a nurse practitioner, or physician's assistant within the past six (6) months. A signature on the Health Care Provider Signature form, without proof of immunization or titer status, is NOT acceptable.

**J. Certified Background Clearance Document:**

All students admitted to MaricopaNursing are required to show a "Pass" result on the MCCCDC-required background screening through Certified Background. Information on the background clearance is obtained from MaricopaNursing once you are accepted into a program. Please note that results for the Certified Background self-check cannot be accessed by the nursing program. If you have done a self-check, you will be required to do an additional background check through Certified Background using your Nursing Program access code.

**Health Care Provider Signature Form**

**Instructions for Completion of Health Care Provider Signature Form**

A health care provider must sign the Health Care Provider Signature Form within six (6) months of program admission and indicate whether the applicant will be able to function as a nursing student. Health care providers who qualify to sign this declaration include a licensed physician (M.D., D.O.), a nurse practitioner, or physician’s assistant.

(Please Print)

Applicant Name: \_\_\_\_\_ Student ID Number: \_\_\_\_\_

It is essential that nursing students be able to perform a number of physical activities in the clinical portion of the program. At a minimum, students will be required to lift patients, stand for several hours at a time and perform bending activities. Students who have a chronic illness or condition must be maintained on current treatment and be able to implement direct patient care. The clinical nursing experience also places students under considerable mental and emotional stress as they undertake responsibilities and duties impacting patients’ lives. Students must be able to demonstrate rational and appropriate behavior under stressful conditions. Individuals should give careful consideration to the mental and physical demands of the program prior to making application.

I have reviewed the MaricopaNursing Essential Skills and Functional Abilities. I believe the applicant:

\_\_\_\_\_ **WILL**      \_\_\_\_\_ **WILL NOT** be able to function as a nursing student as described above.

If not, explain:

**Application Period: July 1, 2019 – June 30, 2020**

## **Updates to the Concurrent Enrollment Program (CEP)**

MaricopaNursing has offered the Concurrent Enrollment Program (CEP) since Fall 2011. The CEP provides an efficient, affordable pathway to a bachelor's degree, which is often the preferred credential for entry into nursing practice and is desired by many healthcare organizations. Each semester, the eight MaricopaNursing locations identify their capacity for block 1 enrollment. Total enrollment may include CEP and traditional (non-CEP) placements. In March 2016, due to the high volume of applications received, not all CEP applicants who met minimum eligibility requirements were able to be placed.

To assure students are fully informed, this message outlines the anticipated enrollment for CEP and traditional placements for MaricopaNursing. MaricopaNursing recognizes and values the efforts of students who have completed coursework and other requirements for both the traditional program and CEP acceptance. We also recognize the CEP may not be an option for all students entering our nursing program.

To serve the needs of CEP and traditional applicants, MaricopaNursing will reserve a percentage of placements for CEP applicants. All MaricopaNursing campuses admit between 40% and 85% CEP students and reserve a portion of placements for traditional students. This enables students in all geographic locations of the valley placement opportunities regardless of the MaricopaNursing program selected.

### Overview of the Requirements

In order for students to be admitted to or maintain enrollment in good standing in Maricopa County Community College District's ("MCCCD") Allied Health and Nursing programs ("Programs") beginning on September 1, 2011, students must provide with their application to a Program all of the following:

- A copy of an Arizona Department of Public Safety Level-One Fingerprint Clearance Card ("Card"). Students are required to pay the cost of applying for the Card. Cards that are NOT Level-One status will not be accepted
- An original version of the "**Criminal Background Check Disclosure Acknowledgement**" form attached to this Summary signed by the student.

At all times during enrollment in a Program, students must obtain and maintain BOTH a valid Level-One Fingerprint Clearance Card and passing disposition on supplemental background check performed by MCCCD authorized vendor. Admission requirements related to background checks are subject to change as mandated by clinical experience partners.

### Implementation of the Requirements

1. Students that are denied issuance of a Card may be eligible for a good cause exception through the Arizona Department of Public Safety. It is the student's responsibility to seek that exception directly with the department. Until the student obtains a Card and meets the other requirements for admission, he or she will not be admitted to a Program.
2. Students admitted to a Program whose Card is revoked or suspended must notify the Program Director immediately and the student will be removed from the Program in which they have been admitted or are enrolled. Any refund of funds would be made per MCCCD policy.
3. The **Criminal Background Check Disclosure Acknowledgement** directs students to disclose on the data collection form of the MCCCD authorized background check vendor all of the requested information as well as any information that the background check may discover. Honesty is important as it demonstrates character. Lack of honesty will be the basis for denial of admission or removal from a Program if the information that should have been disclosed but was not would have resulted in denial of admission. Failure to disclose other types of information constitutes a violation of the Student Code of Conduct and may be subject to sanctions under that Code. Students have a duty to update the information requested on the [background check vendor] data collection form promptly during enrollment in a Program. The [background check vendor] data collection form may ask for the following information but the form may change from time to time:
  - Legal Name
  - Maiden Name
  - Other names used
  - Social Security Number
  - Date of Birth
  - Arrests, charges or convictions of any criminal offenses, even if dismissed or expunged, including dates and details.
  - Pending criminal charges that have been filed against you including dates and details. Participation in a first offender, deferred adjudication or pretrial diversion or other probation program or arrangement where judgment or conviction has been withheld.

The authorized MCCCD background check vendor will be asked to pass or fail each student based on the standards of MCCCD's clinical experience partners that have established the most stringent requirements. **The sole recourse of any student who fails the background check and believes that failure may have been in error is with the background check vendor and not MCCCD.**

**MARICOPA**  
COMMUNITY COLLEGES

**ACKNOWLEDGEMENT OF CRIMINAL BACKGROUND CHECK REQUIREMENTS  
APPLICABLE TO STUDENTS SEEKING ADMISSION TO ALLIED HEALTH OR NURSING PROGRAMS ON OR  
AFTER SEPTEMBER 1, 2011**

**Maricopa County Community College District**

In applying for admission to a Nursing or Allied Health program (“Program”) at the Maricopa County Community College District, you are required to disclose on the Arizona Department of Public Safety (DPS) form all required information and on the MCCCDC authorized background check vendor data collection form any arrests, convictions, or charges (even if the arrest, conviction or charge has been dismissed or expunged), or participation in first offender, deferred adjudication, pretrial diversion or other probation program on this form. Additionally, you must disclose anything that is likely to be discovered in the MCCCDC supplemental background check that will be conducted on you.

Please complete the DPS form, the MCCCDC authorized background check vendor form and any clinical agency background check form honestly and completely. This means that your answers must be truthful, accurate, and complete. If you know of certain information yet are unsure of whether to disclose it, you must disclose the information, including any arrest or criminal charge. Additionally,

By signing this acknowledgement, you acknowledge the following:

1. I understand that I must submit to and pay any costs required to obtain a Level-One Fingerprint Clearance Card and an MCCCDC supplemental criminal background check.
2. I understand that failure to obtain a Level-One Fingerprint Clearance Card will result in a denial of admission to a Program or removal from it if I have been conditionally admitted.
3. I understand that I must submit to and pay any costs required to obtain an MCCCDC supplemental background check.
4. I understand that failure to obtain a “pass” as a result of the MCCCDC supplemental criminal background check will result in a denial of admission to a Program or removal from it if I have been conditionally admitted.
5. I understand that, if my Level-One Fingerprint Clearance Card is revoked or suspended at any time during the admission process or my enrollment in a Program, I am responsible to notify the Program Director immediately and that I will be removed from the Program.
6. I understand that a clinical agency may require an additional criminal background check to screen for barrier offenses other than those required by MCCCDC, as well as a drug screening. I understand that I am required to pay for any and all criminal background checks and drug screens required by a clinical agency to which I am assigned.
7. I understand that the both the MCCCDC supplemental or the clinical agency background check may include but are not limited to the following:
  - Nationwide Federal Healthcare Fraud and Abuse Databases
  - Social Security Verification
  - Residency History
  - Arizona Statewide Criminal Records
  - Nationwide Criminal Database
  - Nationwide Sexual Offender Registry
  - Homeland Security Search
8. By virtue of the MCCCDC supplemental background check, I understand that I will be disqualified for admission or continued enrollment in a Program based on my criminal offenses, the inability to verify my Social Security number, or my being listed in an exclusionary database of a Federal Agency. The criminal offenses for disqualification may include but are not limited to any or all of the following:
  - Social Security Search-Social Security number does not belong to applicant
  - Any inclusion on any registered sex offender database
  - Any inclusion on any of the Federal exclusion lists or Homeland Security watch list
  - Any conviction of Felony no matter what the age of the conviction
  - Any warrant any state
  - Any misdemeanor conviction for the following-No matter age of crime
    - violent crimes
    - sex crime of any kind including non-consensual sexual crimes and sexual assault

- murder, attempted murder
- abduction
- assault
- robbery
- arson
- extortion
- burglary
- pandering
- any crime against minors, children, vulnerable adults including abuse, neglect, exploitation
- any abuse or neglect
- any fraud
- illegal drugs
- aggravated DUI
- Any misdemeanor controlled substance conviction last 7 years
- Any other misdemeanor convictions within last 3 years
- Exceptions: Any misdemeanor traffic (DUI is not considered Traffic)

9. I understand that I must disclose on all background check data collection forms (DPS, MCCCCD background check vendor and a clinical agency background check vendor) all required information including any arrests, convictions, or charges (even if the arrest, conviction or charge has been dismissed or expunged), or participation in first offender, deferred adjudication, pretrial diversion or other probation program. That includes any misdemeanors or felonies in Arizona, any other State, or other jurisdiction. I also understand that I must disclose any other relevant information on the forms. I further understand that non-disclosure of relevant information on the forms that would have resulted in failing the background check will result in denial of admission to or removal from a Program. Finally, I understand that my failure to disclose other types of information of the forms will result in a violation of the Student Code of Conduct and may be subject to sanctions under that Code.
10. I understand that, if a clinical agency to which I have been assigned does not accept me based on my criminal background check it may result in my inability to complete the Program. I also understand that MCCCCD may, within its discretion, disclose to a clinical agency that I have been rejected by another clinical agency. I further understand that MCCCCD has no obligation to place me when the reason for lack of placement is my criminal background check. Since clinical agency assignments are critical requirements for completion of the Program, I acknowledge that my inability to complete required clinical experience due to my criminal background check will result in removal from the Program.
11. I understand the Programs reserve the authority to determine my eligibility to be admitted to the Program or to continue in the Program and admission requirements or background check requirements can change without notice.
12. I understand that I have a duty to immediately report to the Program Director any arrests, convictions, placement on exclusion databases, suspension, removal of my DPS Fingerprint Clearance Card or removal or discipline imposed on any professional license or certificate at any time during my enrollment in a Program

The Maricopa County Community College District (MCCCD) is an EEO/AA institution and an equal opportunity employer of protected veterans and individuals with disabilities. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, or national origin. A lack of English language skills will not be a barrier to admission and participation in the career and technical education programs of the District.

The Maricopa County Community College District does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs or activities. For Title IX/504 concerns, call the following number to reach the appointed coordinator: (480) 731-8499. For additional information, as well as a listing of all coordinators within the Maricopa College system, visit <http://www.maricopa.edu/non-discrimination>.
