

Brand Guidelines

Our Brand

This guide is intended to serve as an internal and external resource to help guide and govern the design and production of online and print materials at the college and district level and all things that utilize the Maricopa or college identities in visual and spoken format. This may include (but is not limited to) environmental design, terrestrial advertising, online advertising, websites, print materials, promotional items, radio advertising, email signatures, etc.

Because we are all working within the Maricopa ecosystem, all 10 colleges benefit from our shared brand identity. When we use Maricopa brand elements—logos, colors, fonts, campus images—we are communicating on behalf of all 10 colleges; therefore, we must aim to keep our communication consistent with our brand.

Standards for Guidance and Support

In this guide, you will find a helpful set of tools and guidelines to support you in your work. Our Brand Standards Guide was created to help you with:

- Consistently maintaining the integrity and value of the brand we have built over the past five decades
- Powerfully representing our colleges and shared vision of an equitable education, programs that serve the needs of our community, and our tradition of excellence
- Optimally executing the Maricopa Community Colleges brand in all your external materials and communications via a centralized resource providing clarity and tools

For questions and other issues related to the Brand Standards Guide, please reach out to Marketing and Communications at the District Office: marketing.team@domail.maricopa.edu.

Our Logos

The Maricopa County Community College District (MCCCD) logo system is made up of a family of unified logos, all of which are consistent in proportion and design, but are unique in color and college mark. In every case, they are tied to the parent MCCCD identity, through the logo wordmark, “A Maricopa Community College.” The bold use of the word “Maricopa” resides below the college name.

The individual college circular identifiers, coupled with the common font treatment of the college name, visually relate to the MCCCD parent brand. The result is a common framework in which all logos are visually related.

Using the Maricopa Logo

Using the MCCC logo on all materials is preferred along with the college logo. If space is limited, using the approved vertical or horizontal college logo is acceptable. (To clarify, all approved college logos include A MARICOPA COMMUNITY COLLEGE in the logo lockup)

Do place the MCCC logo on the front of printed materials, on all web template pages and official social media sites, and at the beginning or the end of presentations and programs.

Do use the circular college or MCCC identifier in conjunction with the wordmark when possible.

Do use the circular identifier as an independent design element, but only when the entire logo appears in another location prominently on the piece.

Do reverse logos out of a dark background if the background doesn't compromise or compete with the readability of the logo.

Do reach out to the District Marketing and Communications office with questions prior to using the logos at marketing.team@domail.maricopa.edu with questions prior to using the logos.

Using the Maricopa Logo

Maintaining the integrity of the system is vital to the success of the Maricopa Community Colleges brand. If you are unsure if the manner in which you are using the Maricopa logo meet logo standards, contact District Marketing at marketing.team@domail.maricopa.edu.

DON'T rotate or skew the logo

DON'T add color to individual elements

DON'T use colors not specified in this guide

DON'T add drop shadow or visual effects

DON'T compress, stretch or distort

DON'T crop

DON'T alter the position of elements

DON'T use low contrast or screened back images

DON'T reverse the logo out of busy backgrounds

DON'T alter the identifier

DON'T use the wordmark without the identifier

DON'T change fonts or redraw the logo

DON'T alter the position of elements

DON'T remove elements

DON'T alter the size of elements

Using the Maricopa Logo: Clear Space

To ensure that clear space is maintained around the logo for legibility and prominence, photos, text, and graphic elements must follow the guidelines illustrated here. Use the letter “M” as a measuring tool to help maintain clearance.

 = 1/4"

Using the Maricopa Logo: Size

To maintain full legibility, please follow these standards.

MCCCD Logo

Never reproduce the logo at widths smaller than 1.25 inches (for print) or 175 pixels (for screen).

College Logos

Never reproduce the logo at widths smaller than 1.75 inches (for print) or 215 pixels (for screen).

There is no maximum size limit, but use discretion when sizing the logo. It should never be the most dominant element on the page, but instead should live comfortably and clearly as an identifying mark. These minimum size guidelines apply only to the MCCCD and college logos without a division, department program, location, or department build.

MCCCD Logo
1.25" / 175px

College Logo
1.75" / 215px

Identifier
0.5" / 50px

Using the Maricopa Logo: Builds

The MCCCCD and college logos were built using the size, spacing, and font configurations illustrated below. Logo build guidelines are for reference only.

Avenir black

ABCDEFGHIJKLMNOPQRSTUVWXYZ

Avenir medium

ABCDEFGHIJKLMNOPQRSTUVWXYZ

Avenir Black

Black (90%)

Using the Maricopa Logo: Identifiers

Custom division, department, program, and location logos are not allowed. Instead, a system of specific identifiers has been created to reinforce the consistency of the Maricopa Brand.

Some approved logo exceptions for specific niche student programs exist:

- **ACE**—The **Achieving a College Education (ACE)** program is a nationally recognized program that targets students who may not consider going to college and attaining a baccalaureate degree to be an achievable goal.
- **Women Rising**—**Women Rising** is designed to improve the retention and degree completion rates of minority female students.
- **MEN**—The **Male Empowerment Network (MEN)** is a unique group that provides support to minority male students at the Maricopa Community Colleges.
- **OER**—**Open Educational Resources**
- **Affinity Groups**—Maricopa Community Colleges recognizes several affinity groups to help promote diversity, equity, and inclusion in our colleges.

If you have a question about custom logos, please contact marketing.team@domail.maricopa.edu.
For more clarification about logo usage, read: [Use of MCCCDC Marks](#)

The following pages include examples of division, department, program, and location identifier logo builds.

Side by Side scale: 100%

Stacked scale: 100%

Vertical: scale: 100%

Side by Side

Stacked

Location Identifiers

Maricopa Community Colleges has 10 colleges with multiple campuses and satellite locations. The parent logo should be used to identify the college, and the location identifier should appear below the college logo.

Using Multiple Logos

The MCCCCD logo should be used on all forms of advertising and college materials as space allows. Two college logos may be used side by side when partnering. When space is limited, it is acceptable to use the college logo lockup.

Two colleges

If more than two colleges are partnering, the partnering colleges can be listed next to the MCCCCD logo in a vertical list in alpha order. As an alternative, the icons can be displayed next to the MCCCCD logo.

All colleges can be represented by text listing in alpha order or by icon next to the MCCCCD logo.

Don't use more than two college logos together.

Logo and Brand Colors

The official MCCCCD colors are Pantone Matching System black C (90 percent) and 289 C blue. A companion color palette has been developed to complement the official MCCCCD colors. If desired, the companion colors identified below can be used in addition to the official blue and gray, however not as a replacement for them. The companion color palette can be used singly or in combinations to add choice and variety to designs, although using more than two companion colors in designs is not recommended.

MERCHANDISE AND SIGNAGE

Promo and Specialty Items

Ideally, it is preferable that the College or District logo be used in its entirety on promotional items—however, imprint areas on promotional items will vary based on the size, shape, and function of the object, and using the full logo might not be an option without losing readability. Following are some general guidelines when creating art for promotional items:

- The horizontal logo is always preferred, but if the vertical logo fits better in the space, use that one.
- When creating T-shirts for an event, make sure the college or district logo appears somewhere in the design or on the sleeve.
- In some cases, like with pins or buttons, the icon can be used and the College or District name can curve around the outside of the icon. It's a good idea to consult Marketing if unsure of the best option for your item.

Promo and Specialty Items

The print area on specialty items may vary. An acronym stacked logo is available for use ONLY on specialty items, with the exception of banners and clothing items.

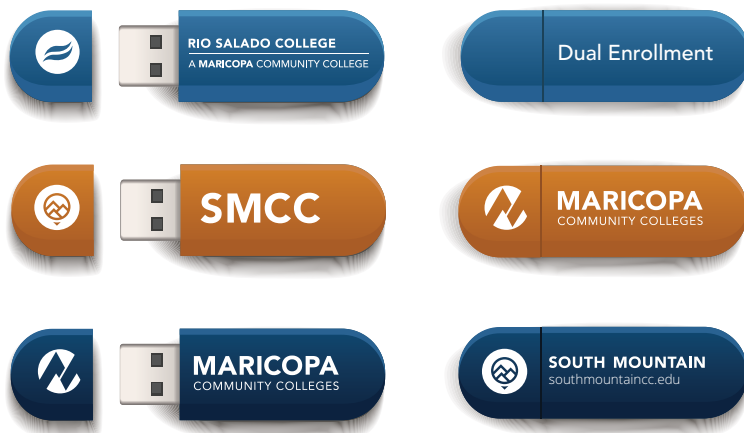

- Use full logos whenever possible.
- If unable to use full logo, use acronym logo.
- When using the acronym logo, you must also show the MCCC logo or college logo if space permits.
- If your object is too small to use either of the logos or icon, use the college name in the correct font. (mock-up of pen with college name)

Lanyards

Front

Back

Double-sided print

Single-sided print

Promo and Specialty Items

When using alternate logos on specialty items:

- Include the MCCC logo or approved college logo in second imprint area (space permitting). DO NOT combine in same imprint area.
- DO NOT use the acronym logos on any shirt items.
- For imprints or embroidery on objects with a bright background (red polo shirt, for example), it is acceptable to make the logo one color, like black or white.
- If you are creating shirts or polos for a department, use the logo and department identifier.

Acceptable

Second imprint area shown on sleeve.

Acceptable

Second imprint area shown on back.

Acceptable use of a black or white logo for better contrast.

Acceptable

Student Affairs

Merchandise Management

All specialty items and merchandise orders are managed through the approved brand management company, Brand 360, contracted through the District. When new vendors are registered to do business with the District, they must also register with Brand 360.

District and college specialty item orders are routed from our vendors directly into the Brand 360 portal where they are then forwarded to each college marketing department for approval.

This system allows each college marketing department to help take ownership of their brand and to have a clear understanding of the orders that are being placed, either from internal requests or external vendors.

For questions, please contact:

District Marketing and Communications,
Maricopa Community Colleges
marketing.team@domail.maricopa.edu.

Signage

FIXED SIGNAGE

Signs vary in size, shape, and placement at colleges throughout the District. Follow these basic guidelines when replacing or purchasing signage:

- Use the MCCCDC logo and the college logo on all highly visible signs such as monument/college building signs.
- In cases when space is limited, work with District Marketing to discuss alternatives.
- Always use the entire college logo on secondary signage like directional or building location designations.
- Use approved fonts. (pages 15)
- Please submit all signage designs to District Marketing for approval.

DIGITAL SIGNAGE

Digital signage refers to billboard/TV displays found at the district and colleges. They are used to communicate college or district messaging.

Content management systems for the displays vary by college. Therefore, content creation should follow the respective specified formats.

All graphic and video content should follow the standards outlined in this guide.

BUSINESS SYSTEMS

Business Cards, Letterhead and Envelopes

Business cards, letterhead, envelopes, and other items can be purchased through the [District Marketing Employee Store](#).

Follow the instructions to set up an account on the website, then follow the procurement and ordering procedures set up by your college.

- No custom orders, unless pre-approved through District Marketing.
- No additional modifications.

Alpha Graphics currently accepts P.O. numbers and credit cards.

Some colleges allow the college mascot as a business card back alternative. Please check with your college marketing department for approved options.

Email Signatures

A tool for creating approved email signatures for all colleges is available at:

<https://www.maricopa.edu/esignature>

After you fill out the form, the tool will auto-generate your signature. Please follow the instructions provided for placing it in your email.

Emails sent from a MCCCC email account is subject to public record. Compose emails with this in mind. Email signatures are considered public facing and are a part of the MCCCC brand.

Please adhere to the following guidelines ([Admin. Reg 4.3](#)):

- Do not use quotes, statements, taglines, or other content that is not included in the tool.
- Do not use graphics, photos, or alternate logos in place of the official college or MCCCC icon. Exceptions for special anniversary graphics or other milestone events may be made. Please contact District Marketing for questions or more information.
- Do not replace fonts, or stretch or alter the signature in any way.

ADVERTISING AND PHOTOGRAPHY

Guidelines for Advertising

Materials are aligned across colleges through the consistent use of type, brand language, key messages, and a common logo system.

The following are best practices for creating promotional material through print, digital, or out-of-home media advertising:

- Define your audience
- Create clear, concise messages
- Have a clear call to action
- Make sure responses/success can be measured
- Follow guidelines for photography, voice, and naming conventions
- Include key messages:
 - Flexible
 - Affordable
 - Convenient (flexible start dates, locations)
 - University Transfer
- Include the most recent college logo and Maricopa Community Colleges logo
- When including tuition cost, include the following statement: *Maricopa County Residents
- Include required compliance disclaimers (EEO, gainful employment, etc. if applicable)
- Avoid clutter by maintaining a balance of content and white space.
- Avoid making false claims, (ie. "Maricopa County Community Colleges have the best accounting program in Arizona.")
- For anything you feel may need legal review, please contact District Marketing for further guidance.

Advertising and Disclaimers

EEO / Non-Discrimination Statements must be used on all student, employee and public facing advertising, materials, websites and communications.

Please visit:

<https://ep.maricopa.edu/legal/Pages/non-discrimination.aspx> for usage guidelines.

Advertising | Veterans

NOT PERMITTED

- Use of military service seals or other trademarks (e.g., unit insignia, emblems, coats of arms, initials, symbols, and other military identifiers), including images of flags, military vehicles, uniforms, plaques, etc., on which those marks are found.
- Use of images of military service members in uniform, including images that display their name, rank, marks, decorations, etc.

PERMITTED

- Patriotic images such as the American flag, or images of well-known monuments and memorials, etc., so long as the military service seals and trademarks are not visible
- Images of a group of students in which one of the students is in a DoD uniform, so long as the presence of the DoD personnel is not highlighted and does not show the individual's name, rank, mark, decorations, etc.
- Include language that says "We offer several educational programs to veterans" or "[Institution] proudly supports the [Military Service name]."

RECOMMENDED

- Do not use stock images of military personnel since we cannot confirm that the portrayal is accurate and adheres to dress codes, etc.

MUST

- If any U.S. Department of Defense (DoD) visual information is used, include the statement, "The appearance of U.S. Department of Defense (DoD) visual information does not imply or constitute DoD endorsement."

Photography

Photography should be reflective of the personality of each campus—its students, architecture, and culture. Whenever possible, photographs of real students and Maricopa Community Colleges should be used. Limit the use of stock imagery. Photographs of students should depict them engaged in learning and campus life.

If using photos not provided by District Marketing, a photo release must be signed by students, faculty members, employees, and members of the public. The release and photo must be archived in the marketing department. This applies to all photos that are taken where individuals are easily recognized. **Posting signs or verbal approvals are not acceptable.**

Failing to secure a signed release may result in potential litigation. Any student under 18 years old must have a legal parent/guardian sign a photo release on their behalf.

Release forms are available at:

<https://marketing.maricopa.edu/employee-resources/release-forms>.

Contact District Marketing for a link to download photography that may be available for your use.

PHOTO RESOLUTION

Photos used for print materials should have a resolution of 300 dpi at full size. Low resolution photos should not be used.

Photo resolution for web is 72dpi. If you need assistance sizing an image or determining its resolution, please contact your college or District Marketing.

COPYRIGHT MATERIALS

You must obtain written permission before using copyright materials (e.g., photos, videos, text, etc.) in a project. [See instructions for using copyright material.](#)
